ABOUT ME

Scalable-focused Frontend Developer and C.S. Engineer with 4 years of professional experience specializing in React, JavaScript, and TypeScript.

Proven track record of improving platform performance by 40% and delivering high-quality web applications. I am passionate about technical excellence, teamwork, and building reliable, user-centric solutions using the latest web technologies.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3/SASS.
- **Frameworks:** React, React Native, Next.js, Tailwind CSS.
- **State Management & Data:** Zustand, Redux / RTK Query, Context API, REST APIs, JSON.
- **Libraries & Tools:** React Router, Styled Components, Shadcn/ui, DevExtreme
- **Cloud & Platforms:** AWS, Azure, GitHub, Git
- **Engineering Principles:** Software Architecture, MVC, OOP, Responsive Design, ESLint.

WORK EXPERIENCE

Banhcafe - *Frontend Developer*

May 2024 - Present

Led the refactoring of legacy codebases from JavaScript to TypeScript, boosting platform performance by 40%.

Collaborated with backend teams to architect scalable internal tools, dynamic dashboards, and national-level banking systems from scratch using industry-best architectural patterns.

Stack: React, TypeScript, Redux, RTK Query, Tailwind CSS.

Enterprise Requirements & Workflow Manager

Developed a bank-wide workflow platform supporting multi-level nested task tracking, complex dynamic role systems, and secure document management across corporate branches.

Optimized state management and backend caching using RTK Query and Redux Toolkit to ensure sub-second rendering of hierarchical structures and seamless external API integrations.

Stack: React, RTK Query, Redux Toolkit, DevExtreme, Styled Components

EDUCATION & LANGUAGES

Languages: Spanish (Native) | English (C1).
